

2026 SCIENTIFIC SERVICES- TESTING AND CALIBRATION LABORATORIES (ISO/IEC 17025) TRAINING PROGRAM

COURSE DESCRIPTION & COURSE CONTENT	COURSE DURATION	PUBLIC / INHOUSE / INHOUSE ONLY *	ONLINE PUBLIC TRAINING	
			DATES	COST PER DELEGATE
ISO/IEC 17025:2017 Laboratory Quality Management System (LQMS) Training	3 days	Public / Inhouse	3 – 5 MARCH 2026 14 – 16 JULY 2026 3 – 5 NOVEMBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Internal Auditing in the Laboratory (based on ISO 19011:2018 and ISO/IEC 17025:2017) Training	3 days	Public / Inhouse	12 – 14 MAY 2026 15 – 17 SEPTEMBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Root-cause Analysis and Corrective Action Training	1 day	Public / Inhouse / E-LEARNING	14 APRIL 2026 28 JULY 2026 13 OCTOBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Laboratory Risk Management Training	2 days	Public / Inhouse / E-LEARNING	15 – 16 APRIL 2026 4 – 5 AUGUST 2026 25 – 26 NOVEMBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Laboratory Management and Leadership Training	3 days	Public / Inhouse	17 – 19 MARCH 2026 8 – 10 SEPTEMBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Microbiology method verification and Uncertainty of Measurement (based on TR28 Version 03) Workshop	1 day	Public / Inhouse / E-LEARNING	5 MAY 2026 7 OCTOBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Chemistry method verification and Uncertainty of Measurement (based on TR26 Version 03) Workshop	1 day	Public / Inhouse	6 MAY 2026 8 OCTOBER 2026	Request instant quote through www.michemdynamics.com → Scientific Services training
Food Microbiology Method verification and Uncertainty of measurement (Implementation of ISO 16140-3:2021 & TR28-03)	3 days	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Water Microbiology Method verification and Uncertainty of measurement (Implementation of ISO 13843:2017 & TR28-03)	2 days	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training

* **NOTE: PUBLIC** - Delegates from different companies attend a scheduled online session, through zoom. / **IN-HOUSE** - Training facilitated online or onsite (at customer's facility).

2026 SCIENTIFIC SERVICES- TESTING AND CALIBRATION LABORATORIES (ISO/IEC 17025) TRAINING PROGRAM

COURSE DESCRIPTION & COURSE CONTENT	COURSE DURATION	PUBLIC / INHOUSE / INHOUSE ONLY *	ONLINE PUBLIC TRAINING	
			DATES	COST PER DELEGATE
Water Microbiology Method verification and Uncertainty of measurement (Implementation of ISO 13843:2017 & TR28-03)	2 days	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
ISO/IEC 17025:2017 Awareness Training	1 day	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Management Review Meeting Workshop	1 day	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Implementation of accreditation documents Training	2 days	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Supplier requirements according to ISO/IEC 17025:2017 Workshop	1 day	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Service to the customer according to ISO/IEC 17025:2017 Workshop	1 day	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Statistical process control and analysis Training	2 days	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Occupational Health and Safety laboratory practice Training	2 days	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Basic Laboratory Techniques (Microbiology) Training	3 days	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Microbiology method verification and Uncertainty of Measurement (based on TR28 Version 03) practical training	3 days	Inhouse only	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training
Implementation of ISO 11133:2014 – Microbiology of food, animal feed and water – preparation, production, storage, and performance testing of culture media	3 days	Inhouse only / E-LEARNING	N/A	Request instant quote through www.michemdynamics.com → Scientific Services training

* **NOTE: PUBLIC** - Delegates from different companies attend a scheduled online session, through zoom. / **IN-HOUSE** - Training facilitated online or onsite (at customer's facility).
